

Classroom License

For education providers in all areas, the new ACA Exam Classroom License will mean lower costs, expanded implementation, increased control, and simplified budgeting.

Certiport Education customers can now offer Adobe Certified Associate (ACA) Exams through an innovative one-year license. With the ACA Classroom License, your school can conduct unlimited online ACA testing in one classroom with up to 30 computers. The affordable once-a-year fee makes it easy to budget all your tests. Because there is no per-test cost, your school can economically provide all the exams (and practice tests when available) required to ensure student certification - your costs are capped. Best of all, it only requires one approval per year.

With the ACA Classroom License, you can afford to implement testing across all your programs and courses. What's more, if you decide to cover the annual cost through student fees, the Classroom License can become a profit center for your school. The Classroom License also enables you to extend testing to your instructors as part of a Professional Development program.

KEY ADVANTAGES OF CLASSROOM LICENSE AGREEMENT:

- **Budget benefits.** With the economical one-time fee, you only have to budget one fixed cost each year. There is never any need to undergo the approval process for additional test funds.
- **Expand to all students, unlimited usage.** With unlimited license, students can be drawn from across all your educational programs without any price barrier, restriction or scheduling conflict.
- **All exam versions included.** Your students and instructors can certify on current skills and migrate to new versions without any additional costs to your classrooms.
- **Full classroom resources.** With the Classroom License you receive all necessary course materials, including curriculum, Certiprep practice tests (when available), and exams.
- **Improved training.** Practice tests can also be used freely as an assessment tool, for training to improve the quality of instruction, and for Professional Development.

ACA CLASSROOM LICENSE INCLUDES THE FOLLOWING FEATURES:

- Use of Certiport Testing Center logo.
- Adobe curriculum available online for download (ISTE Aligned).
- Digital transcript service for students.
- Electronic certificate fulfillment.
- Comprehensive customer support.
- Training materials for Certiport ACA Administration.
- Free practice tests included.
- Unlimited testing in one classroom per year, with up to 30 computers.
