"The bottom line is that Photoshop is the best, most full-featured image-editing program available for photographers and designers."

(Macworld, April 2007)

"New and improved features make Photoshop faster, smarter, better looking, more fun and more inspiring. That's right Photoshop fans—the latest version of the world's most powerful image-editing program has just gotten better, big time!"

(PC Photo, July 2007)

"Photoshop CS3 offers a number of innovative features that increase the image-editing software's already awesome power to manipulate images. If you are using any of the new operating systems, an upgrade is essential to enhance performance."

(Digital Graphics, June 2007)

CREATE A BRIGHTER CAREER PICTURE FOR YOUR STUDENTS

Around the globe, the shortest path from imagination to imagery is Adobe Photoshop. Ideal for photographers, graphic designers, and web designers, this industry-standard application delivers the richest, most robust editing and compositing tools available. As a result, proficiency in Photoshop is one of today's most sought-after skills. Now, your students can be easily tested and certified in these basic skills through the Visual Communication using Adobe Photoshop certification exam.

EASILY ADMINISTERED EXAM REPLICATES APPLICATION EXPERIENCE

The Visual Communication using Adobe Photoshop certification exam validates entry-level skills needed to plan, design, build, and maintain effective communications corresponding to the Adobe Photoshop application. You can incorporate the exam into your current courses to measure success, or access free curriculum from Adobe Education which maps to the exam objectives. The exam replicates application experience by testing hands-on skills in Adobe Photoshop, and can be easily administered onsite or at a local testing center.
