

INTRODUCING THE IC³ CLASSROOM LICENSE

FOR EDUCATION PROVIDERS
IN ALL AREAS, THE NEW
CLASSROOM LICENSE WILL MEAN
LOWER COSTS, EXPANDED
IMPLEMENTATION, INCREASED
CONTROL, AND SIMPLIFIED
BUDGETING.

IC³ GIVES YOU A CLEAR ADVANTAGE.

Certiport Education customers can now offer IC³ Certification exams and practice tests through an innovative one-year license. With the IC³ Classroom License, your school can conduct testing in one classroom with up to 30 computers. The affordable once-a-year fee makes it easy to budget all your exams. Because there is no per-exam cost, your school can economically provide all the exams required to ensure student certification—your costs are capped. Plus, the IC³ Classroom license includes practice tests. Best of all, it only requires one approval per year.

With the Classroom License, you can afford to implement testing across all your programs and courses. What's more, if you decide to cover the annual cost through student fees, the Classroom License can become a profit center for your organization. The Classroom License also enables you to extend testing to your instructors as part of a Professional Development program.

KEY ADVANTAGES OF CLASSROOM LICENSE AGREEMENT:

- Budget benefits. With the economical one-time fee, you only have to budget one fixed cost each year. There is never any need to undergo the approval process for additional test funds.
- Expand to all students, high-volume usage. With this license, students can be drawn from across all your educational programs without any price barrier, restriction or scheduling conflict.
- Extend certification to your instructors as a professional development program.
- Improved training. Practice tests can also be used freely as an assessment tool, for training to improve the quality of instruction, and for Professional Development.
