

Sample MTA Test Fest Summary

Certiport and State University joined together to host an MTA Test Fest in College Town, USA February 8-9. Main Campus Center served as the broadcast site to share the Test Fest live to 14 other locations across the campus network.

[Share your school, program or institution's mission, description or motto here.]

A two-day Test Fest officially launched the MTA program at State University, wherein participants joined in exam prep sessions hosted by subject matter expert Jane Smith, took MTA certification exams and participated in study sessions, won prizes and enjoyed lunch with their peers, all free of charge. Over 300 people in 15 different locations participated live via satellite [state how many people participated and any unusual details about your event.] Participants included instructors, students, faculty, and those enthusiastic about continuing their education to improve employability. The event was a fantastic success with immediate requests to plan another Test Fest soon.
